TO FIGHT PROHIBITION

Liberty League Organized and Backed By Liquor Interests.

HEADQUARTERS IN CHICAGO

Oath-Bound Organization to Make Desperate Effort to Turn Back the Prohibition Wave Which Is Sweeping Over the Country.

Chicago, March 14.—The Liberty league, organized and backed by the liquor interests, is in readiness to make a desperate effort to annihiliate the anti-saloon league and to turn back the prohibition wave that is sweeping over the south.

An announcement is made of the completion of the organization of the league and the claim is made for it that since October a general body has been organized in every state in the union. Its membership in Illinois is said to include 200,000 men. The headquarters of the organization are in Chicago, and sub-headquarters are maintained in New York, Atlanta, Ga., Louisville, Ky., St. Louis, Denver, Seattle and San Francisco.

The body is secret and the names of its officers are guarded with great care. The states are organized by local lodges or chapters in which the membership is oathbound as to policies and methods of proceedure.

It is the purpose of the Illinois league to hold a state convention in June or July, pass upon candidates for state offices and for the legislature, prior to the direct primary on August 8. Candidates will meet with favor in direct proportion as they favor the platform of the league.

The league's platform, it is declared, will resort to no subterfuge in stating its policies.

It is in the open, it is declared, to fight prohibition in state and nation and if the plans are carried out it will take a strong part in the presidential campaign.

CENSUS OF CANAL ZONE.

Enumeration of the Inhabitants Is Now in Progress.

Washington, March 14.—The taking of a new census of the Panama canal zone is in progress. It is a difficult matter to take a census of the zone inhabitants because of the composition of the population, the frequency with which persons change their residence and the number of languages in common use.

Almost all the employees, both white and black, live in barracks or bachelor quarters. Frequently a large portion of them cannot be found in their quarters until after 9 or 10 p. m. and together with the fact that a large body of laborers may be at work in one district on one day and in another on the next day, adds to the difficulties of the work.

Jap Colony for Korea.

Washington, March 14.—According to mail advices received in Washington from the Orient, Japanese peasants with families, in large numbers are to be sent yearly to Korea. The statement is made that the proposed Japanese-Korea Colonial company shall send about 40,000 peasants, accompanied by their families, to Korea every year. It is proposed, too, that the Japanese military forces shall eventually settle on the land for colonizing purposes. Small banks will be established at three or four suitable places in order to give the peasantry the necessary financial assistance.

Deal in Mining Shares.

Reno, Nev., March 14—Albert Meyers and T. D. Murphy, acting for John W. Gates, of New York, Wednesday secured control of the Combination Fraction Mining company of Goldfield securing 211,000 shares of the stock at a price of $1.15 per share. It is stated here on the best authority that the purchase is made for the purpose of turning the Combination Fraction over to the Goldfield Consolidated, giving that company control of practically all the big mines in the Goldfield district.

EXCITING BURGLAR HUNT.

Officer Risked His Life to Save that of Hunted Man.

New York, March 14.—A burglar hunt which began with a policeman shooting at a fleeing robber in the fashionable district in the vicinity of Sixty-fifth street and Park avenue on Friday, ended with the officer risking his life on the tracks in the New York Central tunnel to save that of the hunted man.

The alleged robber narrowly escaped death under a rapidly moving train but he had been so severely hurt by jumping into the tunnel in an effort to escape his pursuers that he was taken to a hospital instead of to a prison cell.

A policeman who was passing the Palacio apartments at Park avenue and Sixty-fifth street early Friday morning heard suspicious sounds in the area way and went down to investigate. As he reached the bottom of the stairway a figure darted past him and started down the avenue at top speed. The officer followed, calling upon the fugitive to stop and sent three bullets to enforce his command.

The sound of the shots brought to the chase several detectives who had been specially assigned to the section of the city because of the many recent burglaries.

When the fugitive realized that his pursuers had been reinforced and that his chance of escape by a straight-away run was extremely slight, he darted to one of the tunnel openings in Park avenue and plunged through to the tracks, thirty feet below.

In the tunnel the darkness was intense and for a time the pursuers feared their man had escaped. Just at that moment an automobile with a powerful searchlight came up the avenue. It was halted by the policeman, the searchlight was turned down through the opening and the body of the fugitive was seen lying across the tracks at the bottom of the pit.

The automobile towing rope was dropped through the opening and the policeman clambered down just in the nick of time to drag the man from the track before a train whizzed past.

The man, unconscious, was hoisted out of the tunnel and taken to a hospital, where it was said he was not dangerously injured.

In the area way where the man was first seen, the police found a shopping bag containing 85 pieces of silver which had been taken from one of the apartments in the house.

LEAP YEAR NOT NEEDED.

Panama One Place Where Cupid Is Said To Be Overworked.

New York, March 14.—Panama is one place where leap year is not needed, Miss Helen Varick Boswell, who organized the Women's clubs on the isthmus at the instance of the government, told the members of the Portia club Thursday.

"Cupid is tremendously overworked down there," said Miss Boswell. "It is impossible to keep a woman single. At one of the hospitals they told me they had lost seventeen nurses by matrimony from April to June, and sent word to the states that they positively would not take young nurses and very plain ones must be sent. The nurses become engaged to the men returning to Panama on the way down on the steamers.

"Everything is provided for the married, quarters, houses, furniture, drinking water, and there is nothing to get but food and clothing. A wife is a very comfortable adjunct to a man's life, and the bachelor quarters are being constantly depleted. A man in Panama gets about twice the money that he would here for the same work, and there is no way to spend money. I think that is one reason it has been hard for the women. It is a very good place to save."

Dr. L. P. Broad Dead.

Atlanta, March 14.—Dr. L. P. Broad, of Boston, Mass., one of the leading Congregational ministers in the United States, known all over the country through his work in the interests of the home mission, died Thursday night at 8 o'clock at the Presbyterian hospital after an illness which lasted about five weeks. His body will be taken to Natick, Mass., for funeral services and interment.

CASE GOES TO JURY

Pennsylvania State Capitol Conspiracy Scandal.

ON TRIAL SINCE JANUARY 27

Case Constituted One of the Longest Jury Trials in the History of Pennsylvania and Has Attracted Much Attention Through the Country.

Harrisburg, Pa., March 14.—The capitol consparacy case in which John H. Sanderson, a Philadelphia, furniture dealer and contractor, former Auditor General W. P. Snyder; former State Treasurer W. L. Mathues and James M. Shumaker, former superintendent of the board of grounds and buildings, are charged with defrauding the state in furnishing the capitol was given to the jury Friday.

The arguments were concluded on Thursday and Judge Kunkel gave final instructions to the jurors who have patiently listened to the testimony and speeches since January 27.

The present case constitutes one of the longest jury trials in the history of Pennsylvania courts, and it attracted much attention throughout the state.

The prosecution of the alleged capitol frauds is the indirect outcome of the great political upheaval in Philadelphia in 1906, resulting in the fall of that year in the election of W. H. Berry, a democrat, to the office of state treasurer. After Berry took office he startled the people of the state by charging that books of the state treasury showed that the capitol instead of costing $4,000,000 had actually cost $13,000,000.

A legislative investigation followed, and the findings of the investigators were to the effect that there were great frauds committed in the furnishings and decorating of the building.

After the case of the four defendants now before the court has been disposed of, the prosecution of the other defendants will be taken up.

TO RESUME WORK.

Important Construction Work on B. & O. Road To Be Completed.

Pittsburg, Pa., March 14.—Orders have been issued to the engineers of the Baltimore and Ohio railroad in the Pittsburg district, to resume all construction work on improvements started last fall, and work will be resumed in full next Monday on three or four important projects.

A number of workmen who were laid off a few months ago will be given employment, and it will require the greater part of the summer to complete the improvements.

The work includes the completion of the inter-locking system between Pittsburg and McKeesport, the erection of four inter-locking stations, the double-tracking of the Fairmont division, the completion of the big bridge across the Grand river at Fairport, O., and the Fairmont division, the completion of the big bridge across the Grand river at Fairport, O., and the four-track concrete structure across Long Run at Versailles.

Passenger Rate Fixed.

Jackson, Miss., March 14.—The lower house of the Mississippi legislature at its session Wednesday night passed a bill fixing 2½ cents a mile as the maximum passenger fare on all railroads except those which can make satisfactory proof that this rate is not just compensation for services to the public. A hard fight was made on the bill by some of the most able members of the house, but it passed by a vote of 69 to 29.

Announces for Legislature.

Atlanta, March 14.—Dr. George Brown has announced as a candidate for the legislature from Fulton county. He has issued a statement, in which he says he is interested especially in one measure, and that is the establishment of a sanitarium by the state for the purpose of treating and instructing in the treatment of all persons afflicted with tuberculosis who are unable otherwise to obtain treatment.

DEATH OF HUGH BONNER.

Was One of the Ablest and Best Known Fire Commissioners.

New York, March 14.—Hugh Bonner, fire commissioner of New York, died early Friday morning of a complication of Bright's disease and pneumonia. Mr. Bonner was appointed commissioner on February 10, following criticism of the department, and in spite of the fact that he was ill at the time, he accepted the appointment and devoted his energies to much needed reforms. A few days ago pneumonia developed, and in addition to Bright's disease of long standing, caused death.

Mr. Bonner was one of the ablest and best known fire commissioners in the world. He entered the New York fire department in 1860.

He was born in Ireland in 1839, and continued in the department until 1899, when he retired as chief, having passed through all the grades of the department during his forty years' service. During his retirement as chief he went to Havana for the government and organized the fire department. So successful was his work in Hanava that the government sent him to Manila where he organized a fire department and for some time served as its chief. He was the inventor of a number of appliances extensively used.

COPY OF CIPHER STOLEN.

Was Used by American Embassies in Foreign Countries

Bucharest, March 14.—It was learned here Friday that a copy of the cipher of the American state department used in private correspondence between Washington and the various American legations and embassies, was stolen recently from the American legation here by a French employee who succeeded in making his escape to Constantinople.

It is understood that this is the second time the American cipher has been obtained by strangers within the past few years. The previous occasion was at St. Petersburg, where spies secured photographic copies of the cipher from the American embassy.

TO MEET IN WASHINGTON.

Important Conference of National Labor Leaders Announced.

New York, March 14.—Announcement of what is declared will be the most important conference of national labor leaders ever held, was made Thursday by the executive council of the American Federation of Labor.

Over a hundred national and international unions, it is said, will be represented at the meeting, which is called to be held in Washington on Wednesday of next week.

Planning of new tactics on account of the many court decisions against the unions is said to be the subject to be brought up for consideration.

Has Fasted for 31 Days.

Long Beach, Cal., March 14.—Miss Etta Priscilla Grove, a school teacher of Chicago, now staying here, who has fasted for thirty-nine days, thinks she will be able to continue her fasting for at least a week and possibly two weeks longer. Miss Grove retains her strength surprisingly well, but does not walk along the beach in the sun when she takes her daily five-mile walk, but seeks the shady streets. Miss Grove admits that she becomes tired quicker than she did at the early part of her fast.

Made Quick Run.

San Francisco, Cal., March 14.—The torpedo boat destroyer Perry arrived here Thursday from Magdalena bay in command of Lieutenant E. B. Larimer after a smart run up the coast, making at some times 21 knots an hour under easy steam. She is here for repairs and will probably go to Mare Island.

Sale of Paintings.

New York, March 14.—Constant Troyon's painting "Return of the Flock-Evening," was sold Thursday evening at the sale of Oehme and Ehrich collections to Alexander Harris after some spirited bidding for $7,000. "Opening of the Grand Canal, Venice," by Felix Ziem, of Paris, was sold for $5,600.

A GOLDEN BEE-HIVE

Return of Prosperity Sets United States Mint Busy.

EMPLOYES RESUME PLACES

Renewal of Activity Due to Fresh Orders from Washington for Immediate Coinage—One Order for $10,000,000 in $20 Gold Coins.

Philadelphia, March 14.—With the return wave of prosperity the United States mint in this city has again become a golden bee-hive of industry.

Throughout the week employees who had been laid off have been receiving instructions to resume their posts and Thursday a full force was at work, aggregating about 550 persons.

It was stated at the mint that this renewal of activity was due to fresh orders from Washington for immediate coinage. Leading these orders was one for $10,000,000 more in $20 gold coins.

FIRE ON BOARD STEAMER.

Prompt Action on Part of Captain Prevents Loss of Hundreds of Lives.

New York, March 14.—Prompt and determined action on the part of Captain Appleby, of the Fall River steamer, Providence, prevented what otherwise might have been a serious catastrophe when fire broke out on the craft while she was coming up Long Island sound bound from Providence for New York early Friday.

Three hundred and fifty passengers were asleep on the Providence when the fire was discovered on the freight deck of the steamer which was then off Sands Point, 20 miles from New York. Fearing that if the alarm was permitted to spread over the ship he would have a panic of passengers with which to contend as well as a fire to fight, the captain sent a wireless call to the steamer Richard Peck, of the same line, which he knew must be somewhere in the vicinity.

The Richard Peck also was bound for New York, and while she had not been sighted during the night it was seen that her schedule would bring her at that hour to within a few miles of the Providence.

The call was quickly answered, the predicament of the Providence was explained, each steamer was advised of the other's position and they started towards each other. When they came together the fire was still in progress on the Providence, but the passengers who had been aroused a few minutes before had been told of the coming relief and were quietly waiting to be transferred to the other steamer.

The sea was calm and the transfer was made quickly and with little difficulty.

The officers declare that there was not even a sign of uneasiness apparent among the passengers and that the whole affair was carried through without trouble of any kind.

Stinson's Car Wins Cup.

West Palm Beach, Fla., March 14.—Dr. W. L. Stinson drove his 12-horsepower car, with three people, into West Palm Beach at 5:46 o'clock Thursday evening, making the 68-mile run through swamps and dreary wastes in ten hours from Fort Pierce. On arrival here he was presented with a silver cup by the merchants of this city.

Lusitania Makes New Record.

Liverpool, March 14.—A wireless message received by the Cunard Steamship company states that the Lusitania, which left here for New York on Saturday, made a record run of 627 knots from Monday noon to Tuesday noon. The Lusitania's run of 627 knots establishes a new world's record, the best of previous day's westward run being 618 knots.

"Black Sport" Gets Respite.

Atlanta, March 14.—A respite of five days was granted Andrew Johnson, alias "Black Sport," the negro slayer of Patrolman Mahler, who was sentenced to hang at noon Friday. The respite carries him over until next Wednesday, March 18.

ANTI-SALOON LEAGUE WILL MEET HERE

First Annual Convention Will be Held in Gainesville.

PROMINENT SPEAKERS COMING

Among These Will be Governor Glenn of North Carolina, Governor Broward of Florida, Hon. J. N. C. Stockton, and Other Prominent Men.

The Florida Anti-Saloon League, which is a branch of the American Anti-Saloon League, will hold its first annual convention in this city on Tuesday, Wednesday and Thursday, March 17, 18 and 19, at the Tabernacle.

This will be the first annual convention of this association, which has been organized in Florida within the past year. The association is composed of a large number of influential temperance workers throughout the State, representing every section, all of whom have their hearts and souls at work in their efforts to reform the country.

The association in Florida has been formed by Rev. W. R. Lambert, of Kentucky, who has worked zealously in its behalf. He has noted with pride the great success which has attended his efforts, and will naturally feel proud of the first State convention, at which a number of prominent speakers, including Governor Glenn of North Carolina, Governor Broward of Florida, Hon. J. N. C. Stockton, and others, will be present.

NEWS OF CITY AND COUNTY CONDENSED

The Phifer & Morris Co. have just received from B. Stern & Son of New York their exclusive custom tailoring line. Nothing but all-wool clothing made by them. Suits $20 to $40. Pays to buy the best.

H. F. Spence has accepted a position as clerk at the store of W. P. Moseley. Mr. Spence was for some time connected with Gainesville's interests in the restaurant business, and is well known here.

Phifer Bros., bankers, have an advertisement in this issue, to which the attention of the public is called. This firm, while new, has gained the confidence of the people, as it is conducted on conservative lines.

Miss Primrose has accepted a position as saleslady at the store of J. Manasse. Miss Primrose has only been here a few months, but has made herself quite popular on account of her clever manner, and will no doubt make many new friends in her new position.

Among the numerous improvements Mr. C. A. Faircloth, the popular cashier of The Gainesville National Bank, has made to his residence has been to have the old unsanitary plumbing torn out and the house plumbed throughout by The S. J. Thomas Co.

On Friday, Saturday and Monday we will have on display at our store spring and summer woolens from the High-Art Clothiers of Baltimore. Fit guaranteed, as every garment will be cut by an experienced tailor. An opportunity is now offered for a high-art suit at a low price. Get the Habit. L. J. Burkhim.

Mr. and Mrs. W. L. C. Haigler and children, Margaret and Willie, are in the city from Hayneville, Ala., on a visit to relatives, Mr. and Mrs. T. B. Ellis, Sr. Mr. Haigley is formerly from the vicinity of Old Town, where he was reared, and his many friends in this section are glad to welcome him again.

Just received, spring and summer woolens from the High-Art Clothiers of Baltimore. These will be on display at L. J. Burkhim's Friday, Saturday and Monday. A fit is guaranteed, as every garment will be cut out by an experienced tailor. This affords an opportunity of securing high-art clothing at low prices. Get the Habit and remember the place. L. J. Burkhim.

Wanted, Orders for Lumber—Anyone living in Gainesville or vicinity who intends doing any building in the near future should order their lumber at once. For the next thirty days the Bock Lumber Company will give special terms before moving their mill further from town. When ordering address P. O. Box 132, or call Bock's residence over East Florida 'phone. Bock Lumber Company.

S. O. Weaver has purchased the interest of C. C. Weaver in the Gainesville Steam Laundry, and in future will conduct the business himself. The Weaver Bros. are well-known laundrymen, having been in the business here for several years. Both are practical men who know their business. It is not known what C. C. Weaver's future plans are, but his friends hope that he will decide to remain here.

Attention is called to the advertisement of Mrs. R. Wilson, which appears in this issue. Mrs. Wilson states that she will continue her special sale of new white goods, laces and embroidery, and offers some rare bargains. Mrs. Wilson has been for many years engaged in the dry goods business here, and her store has become widely-known for true values and goods that are serviceable. Those desiring goods in her line would do well to call.

G. W. Goodman of Arabia, Ga., who has been in the city for the past two or three days on account of the illness of his son's wife, Mrs. C. F. Goodman, left yesterday for his home, having been summoned on account of the illness of his son, John. There is an old adage that trouble never comes single-handed, which is especially true in this case, and friends of the afflicted deeply sympathize with them in their misfortunes. Friends of Mrs. Goodman, however, will be much gratified to learn that her condition is improved, and all have hopes for her recovery.

Mr. and Mrs. J. E. Ivers, who have been residing for a year or more in this city, left yesterday for their old home in Jacksonville, where they will probably remain for the next three or four weeks. They will return here, and it is rumored they expect soon afterwards to leave for Texas, where they will in future reside. Mr. and Mrs. Ivers have made many friends during their stay here, and it is to be regretted that they will not remain; but Mr. Ivers, who, notwithstanding that he has retired from business, has his "eyes open" always to some investment, and it is probable that he has found an opening in the Lone Star State which he believes will prove profitable to him.

The G. W. Hyde Company has an advertisement in this issue which our readers cannot help but notice, as it occupies a page. But it will not pay those looking for the "real thing" in dry goods and millinery to pass this advertisement without studying it, for there is to be found there things which will interest them. The big millinery opening, which promises to eclipse anything of the kind ever seen or attempted in this section, will be held on March 17 and 18, when a special invitation is extended the ladies. The Hyde Company is now in the elegant Hill building, designed and constructed after their own ideas and for their own use, and it may be truthfully stated that this is the most modern, up-to-date place of its kind in Florida, Jacksonville, Tampa and Pensacola not excepted.

Pof. H. A. Howell of Havana, Cuba, Recommends Chamberlain's Cough Cure.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now," writes Prof. H. A. Howell, of Howell's American School, Havana, Cuba. "On the night of February 3rd our baby was taken sick with a very severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now, three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by all druggists.

GOOD BLOOD

NATURE'S PROTECTION AGAINST DISEASE

The preservation of health and prevention against disease is almost entirely dependent upon pure, healthy blood; every organ, tissue, nerve and sinew of the body draws on this vital fluid for nourishment and strength. Poisons, humors and germs from various sources often get into the blood, and then this great life-stream becomes a source of infection and disease, instead of a nourishing, health-sustaining fluid. Heredity is likewise an important factor, regulating the quality of the blood. Some persons are born with tainted blood from diseased ancestry, and Scrofula in one of its numerous forms is sure to crop out some time in life. Not only poisons in the blood are responsible for disease, but when the circulation is run down and becomes poor and weak in quality, then we see the effect in a general bad condition of health, such as weakness, sallow complexions, boils, and various skin eruptions. All blood troubles require a tonic and blood purifier, and none other equals S. S. S. It goes down to the very foundation of the trouble, and removes every particle of the poison or impurity from the blood. And not only does S. S. S. antidote the poisons, humors and germs, but it possesses health-giving, tonic properties, which build up and strengthen weak, impoverished blood, and fortifies the system against disease. S. S. S. permanently cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Eczema, Tetter, and all other skin diseases and disorders. Book on the blood and any medical advice free.

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $5 a year; $2.50 six months; $1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

The winter being mild and business in his regular line being dull, an Omaha plumber attempted to rob a bank and was arrested.

Emma Goldman got into the United States despite the vigilance of the immigration officials. Perhaps they failed to watch the Hoboken tubes.

Mr. Hughes says the problems confronting a governor are enough to keep ten men busy, yet he seems to be willing to tackle those of the Presidency.

With $358,000 of the funds of the National Bank of North America invested in American Ice Co. stock, the unfortunate depositors may say with truth that they got a "cold deal."

In view of the reports from the railroads that the total number of idle freight cars exceeds 130,000, the introduction of a bill in Congress to prevent "car famines" would seem to indicate that someone was late in locking the stable door.

The House Committee on Coinage, Weights and Measures has reported in favor of the bill to restore to certain coins the motto, "In God We Trust," which was removed from such coins by order of the President. This is a slap at Teddy.

Prince Menelik, a relative of the King of Abyssinia, has been expelled from Germany as an undesirable citizen. His main offense seems to have been efforts to exploit mines and rubber and cotton plantations. Let us hope the ban on promoters does not reach America.

Still another scandal, the latest being charges of fraud in the Patent Office with an alleged conspiracy in granting letters patent on an electric lighting invention. But we are told this is a reform administration, yet it has yielded more frauds, scandals and investigations than any other administration.

Happy, lucky, little Ludlow, Mass. Rich villager has given of his millions for the benefit of his home people. Three sums of $1,000 each are invested, so that at the next village centennial, 66 years hence, $10,000 will be earned. In 166 years his fellow-citizens will receive $317,268, and in 2174 $10,193,195. And the village is not even excited.

A. U. Hilleary, ex-sheriff of Alachua county, is a candidate for county commissioner from District No. 4, as will be seen by his announcement elsewhere in this issue of The Sun. Mr. Hilleary is quite popular in his section, and if nominated will make a good representative, as he is a man of advanced ideas and fully capable of performing the duties of this office.

W. J. Mattheus of Dennie, one of the oldest and most widely-known citizens of the county, is a candidate for the office of county treasurer before the coming primary, as will be noted by his announcement in today's Sun. Mr. Mattheus has served the people as a member of the Board of County Commissioners for a number of years, and has friends in all parts of the county who will give him loyal support.

THE MAN AND HIS JOB

By Herbert J. Hapgood.

A yong man secured, one Monday morning, an appointment for an interview at 10 o'clock the next day with the proprietor of a large celluloid factory in Newark, N. J. During the intervening twenty-four hours the chap, instead of loafing his time away, made active and painstaking preparations for the interview just as if he were a soldier drilling for parade inspection.

The afternoon was spent in looking up advertising matter used by the firm, and jotting down suggestions for improvement in the style and contents of copy. Inasmuch as the young man was applying for the position as assistant advertising manager, that, it seems to me, was the most important thing he could do. The evening found him chatting with his friends about the business and methods of the house, which served to round out his ideas of its policy. And in the early morning, while the air was crisp and snappy, he took a long walk, thinking up catch-words and advertising phrases applying to the job he was after. After thus priming himself for that keen little five-minute test, during which employers usually make up their minds for or against an applicant, this young chap, who combined a good appearance with a good head, had no difficulty in getting the position. He is now, after less than three years' work, advertising manager for the leading house in the celluloid trust.

Of course, the average man can hardly be relied upon if, indeed, expected, to take all this trouble for the sake of getting a job. The average job, like the average applicant, is not quite worth while. But to the man who is anxious to obtain a first-class position to serve him as a stepping-stone for a future worth having and holding, the preparatory method, including priming up to the very hour for the decisive interview, is the only safe and logical plan to follow.

Gainesville seems to have received a very undesirable set of visitors just at this season of the year whose main employment and source of revenue is to break and enter. Within the past week no less of three of our business houses, right on the principal streets of the city, have been visited. In no instance, however, have the parties been successful in securing anything. The perpetrators seem only to be after the cash. It behooves our City Council to take active steps toward giving our city better protection. At present there is but one policeman on the square, and of course he cannot be on all sides at one time. With only one man on duty, and should he be on the east side of the square, it would be but an easy matter to enter any store on the west side without attracting his attention.

Capt. W. D. Dickinson announces in this issue of The Sun for re-election as tax collector of Alachua county. Inasmuch as this position gives the incumbent the opportunity of dealing directly with the people who pay the taxes, it is probable that Captain Dickinson is acquainted with as many, if not more, of the voters of the county, than any other official, and he will no doubt receive a large vote.

Mr. Hayes of California is the bravest man in the House of Representatives. He has dared to beard the lion, Cannon, in his den by urging a curtailment of the Speaker's power. We have heard of places where angels fear to tread and we are under the impression that the floor of the House was one of them. Mr. Hayes' future career will be followed with interest.

SEA ISLAND COTTON.

While Quiet, Savannah Market Shows Signs of Improvement.

Savannah, Ga., March 14.—The market for Sea Islands was quiet and easy during the past week. Most of the business done was in extra choice, choice and extra fine, which grades were at some concessions from previous quotations.

The demand was mainly from Northern mills; and while trade conditions North are still unsatisfactory, there is some evidence of improvement. At the close the market was quiet, with some indications of an increase in the demand.

The fololwing prices are based on factors' quotations and are revised weekly on Fridays:

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Why not let it help you? J. W. McCollum & Co.

Lambremont Declared Nominee.

New Orleans, March 14.—Paul M. Lambremont has been declared by the democratic state central committee the nominee for lieutenant governor of Louisiana. This action was based on examination of the official election returns, which showed that Mr. Lambremont received a plurality over his opponent, J. J. Bailey, in the recent primary. Charges of fraud in New Orleans by Mr. Bailey were not investigated by the committee, which decided it had no legal power for such investigation.

PILES

"I have suffered with piles for thirty-six years. One year ago last April I began taking Cascarets for constipation. In the course of a week I noticed the piles began to disappear and at the end of six weeks they did not trouble me at all. Cascarets have done wonders for me. I am entirely cured and feel like a new man." George Kryder, Napoleon, O.

FIRE AT TRENTON.

Residence Occupied by F. C. Browning Was Destroyed by Fire.

A telephone message was received Saturday night from Trenton to the effect that the elegant residence owned by H. F. Rogers and occupied by F. C. Browning and family, was destroyed by fire.

The loss is about $1,500, only a little furniture being saved. There was no insurance.

For Diseases of the Skin.

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barbers' itch, are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly. Many cases have been cured by its use. For sale by all druggists.

LAST DAY OF CHAUTAUQUA

Program Was Full of Interest, and Was Thoroughly Enjoyed.

The last day of the Florida Winter Chautauqua for 1908 was one full of interest, the program at each session being well rendered. The moving pictres were especially fine, and pronounced the best ever seen here.

Dr. Clarence B. Strouse arrived in the city yesterday, and felt very much aggrieved over the fact that the people of Gainesville had not rallied with more substantial support to this enterprise, which he declares is the best thing Gainesville ever had, morally and otherwise. He states that the Chautauqua management is behind about $400, and on Monday night he will endeavor to make up a part of this deficiency by an extra entertainment.

With this idea in view, Dr. Strouse has arranged for a special benefit entertainment Monday night, at which time there will be special features. The famous Vitagraph moving pictures have been induced to remain, and the management of the Mid-Winter Exposition in Jacksonville, appreciating Dr. Strouse's friendship, have consented to send the great Japanese performers for this night. This aggregation are among the finest in the world, having been the leading attraction at the Jamestown Exposition, and hold the same position at the Mid-Winter Exposition.

This is a special benefit for the Chautauqua, and Dr. Strouse hopes to see a large crowd present. He will address the audience, and will tell them what he has in store for Gainesville.

The Chautauqua tickets will not be honored at this session, and all are expected to pay the price of admission, which will be reasonable.

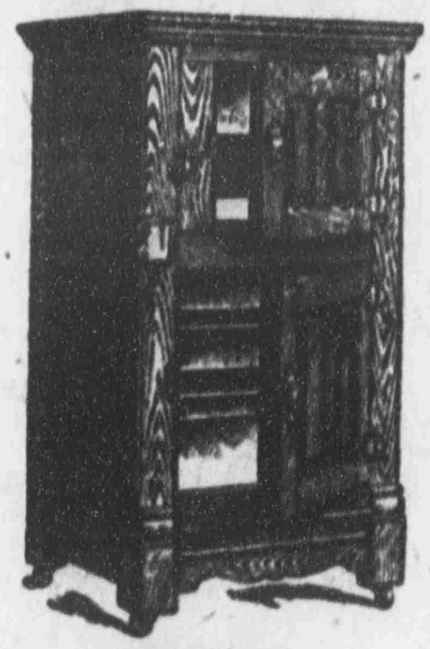
GUARANTEE

We guarantee the "Odorless" Refrigerators to be just as represented and of first-class workmanship and construction. Any "Odorless" Refrigerator found defective in any particular will be taken back and purchase money refunded. Absolutely odorless refrigeration is what you get in the "Odorless" Refrigerator. There can be no mixing of odors, nor can any foul air remain. The heavier cold air forces the foul air out through the vent, leaving the contents of the refrigerator sweet, cool, and preserving them in an absolutely sanitary atmosphere. No other refrigerator but the "Odorless" is built upon this principle. The construction is patented and cannot be used by any other manufacturer.

This is the refrigerator of which Mrs. Rorer says:—"You can put in it any thing that has an odor, together with milk and butter, leaving the two latter in open vessels without contamination." Hence its name,

The "O-D-O-R-L-E-S-S"

It needs no weekly scrubbing and scalding and it saves ice. In the end it costs less than so-called refrigerators that are sold for less money.



"ODORLESS"

Door in front. Water-cooler and glass rack. Solid oak construction. Interior case of Tennessee poplar. Zinc-lined. Nickel-plated locks and hinges. Removable ice-ends and drip-pipe. Patent drip-trap. COOKS ON STRIKE.

Thought They Would Run Things at Brown House, But Failed.

The culinary department at the Brown House was under a temporary disadvantage Friday afternoon, when, just about the supper hour, all cooks informed Manager Ettel that they "wouldn't strike another lick" if certain concessions were not made.

"Get out of here; I don't give a rap whether you ever work another lick or not, as far as I am concerned," replied Manager Ettel, when the "committee" approached him with their grievance. "We can manage supper ourselves, and by the time it comes to kindle fire for breakfast I'll have more cooks than I can get rid of without giving them their breakfast and sending them on another errand."

It is understood that the cooks did not desire to quit "at once," but Manager Ettel was determined, after they had taken advantage in this manner, and told them to "git." This order came to them like a cold doughnut on a bleak December day—but they had made the break and they were to suffer the consequences.

Manager Ettel went into the kitchen himself, and, with the aid of one or two cooks whom he had in view, and whom he summoned promptly, supper was served within else than ten minutes' delay, and all was running merrily, as if there had been no "strike."

It appears that the cooks "struck" because Manager Ettel was about to put them in a larger and more modern range in the new kitchen, which would really have been a labor-saver—but it looked too "big."

LETTER TO JAS. M. GRAHAM,

Gainesville, Florida.

Dear Sir: A bank messenger lost a small coin. He set his bag down and looked for it. Found it, but somebody else had run off with his bag.

A man who is going to paint had better lookout for his gallons. Devoe is the least-gallons paint.

It's gallons that cost; it isn't the price of a gallon. With one paint, 10 gallons is plenty; another, 11 or 12 or 13 and so on to 22 gallons; and every gallon has to be paid for and painted—$2 to $4 a day for painting paint stuffed out with some sort of whitewash. The less the price of a gallon, the more the gallons.

Bank messengers better lookout for their bags and not stop to hunt for small coin; and property owners better lookout for the gallons that make the expense, and not for the price which has nothing to do with it.

Yours truly,

50 F. W. DEVOE & CO.

MINARD'S KING OF PAIN LINIMENT

PROF. ROLFS TO JACKSONVILLE.

Will Attend Meeting of Executive Committee, Horticultural Association.

Prof. P. H. Rolfs, director of the Florida Experiment Farm and one of the most widely-known and most efficient agriculturalists in the country, left Saturday for Jacksonville, where he went to attend the meeting of the executive committee of the Florida Horticultural Society.

Professor Rolfs is not only a theoretical, but a professional man, when it comes to the growing of plants, whether they are in the garden, the farm or the orchard. He has made a theoretical and a practical study in all lines, and no man in the country is better posted or more reliable in his opinions.

The annual State meeting of the Horticultural Society will be held in Gainesville this year, and Prof. Rolfs, who has authority to fix the dates, will arrange for the same during early May, when the convention will conflict with nothing else. It is needless to add that the convention, which will bring together the best people in the country in the lines of agriculture and horticulture, will be a pleasant and profitable one.

WILL GIVE EXCURSION.

M. B. Saunders Wants to Give Friends a Good Time Thursday.

M. B. Saunders, always looking after the comfort and entertainment of his friends, has arranged to give an excursion next Thursday, the 19th inst., to the handsome grove of M. J. Ward, Tacoma, and expects a good crowd. Mr. Saunders, who is enthusiastic, desires to induce settlers here, and upon this occasion will take three prospective buyers on this trip, which may result in their locating here.

While the party will be a select one, Mr. Saunders invites anyone who desires to go. The party will be entertained by Mr. Ward.

The train will leave Gainesville at 9:30 a. m., returning at 4:30, thus affording several hours among the groves. The fare will be 75 cents.

Listen

And remember the next time you suffer from pain—caused by damp weather—when your head nearly bursts from neuralgia—try Ballard's Snow Liniment. It will cure you. A prominent business man of Hempstead, Texas, writes: "I have used your liniment. Previous to using it I was a great sufferer from rheumatism and neuralgia. I am pleased to say that now I am free from these complaints. I am sure I owe this to your liniment." Sold by W. M. Johnson.

Fire at Hawthorn.

G. D. Folks, traveling representative of The Sun, sent a telephone message Saturday night to the effect that two barns belonging to W. S. Moore were consumed by fire during Saturday afternoon, and that for a while great excitement prevailed, as it was feared other damage would follow.

The barns contained feed of various kinds, and two bales of cotton, and the loss amounted to considerable. There was no insurance.

Unequaled as a Cure for Croup.

"Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequaled as a cure for croup," says Harry Wilson of Waynetown, Ind. When given as soon as the croup cough appears, this remedy will prevent the attack. It is used successfully in many thousands of homes. For sale by all druggists.

May Postpone Fight.

London, March 14.—There is a possibility that the fight between Tommy Burns and Jem Roche, fixed to take place at Dublin March 17, may have to be postponed. Burns met with an accident on Tuesday which resulted in inflammation of the eye. Burns has written to the promoters of the fight asking them if they would consent to a postponement of the fight.

A Pleasant Physic.

When you want a pleasant physic give Chamberlain's Stomach and Liver Tablets a trial. They are mild and gentle in their action and always produce a pleasant cathartic effect. Call at any drug store for a free sample.

INTERESTING BASE BALL GAME.

University and Experiment Station Teams Had Fine Game Saturday.

"Just for a change," the faculty of the University and members of the Experimental Station indulged in a game of base ball on the University grounds Saturday afternoon, which resulted in a victory for the Universities by a score of 18 to 5.

This game, while not largely attended, was most interesting, as well as amusing, and those who attended enjoyed the event equally as well as those who participated in it.

The afternoon was most pleasantly spent in a friendly rivalry, from which both the University and Experiment Station men received a great deal of exercise.

Good Liniment.

You will hunt a good while before you find a preparation that is equal to Chamberlain's Liniment as a cure for muscular and rheumatic pains, for the cure of sprains and soreness of the muscles. It is equally valuable for lame back and all deep-seated muscular pains. 25 and 50-cent sizes for sale by all druggists.

Department Congratulates Evans.

Washington, March 14.—The following congratulatory telegram signed by Secretary Metcalf, was Friday sent to Rear Admiral Evans: "The department congratulates you and the men and officers of the Atlantic fleet on the termination of the voyage to the Pacific in exact accordance with the itinerary and also upon the efficiency of the ships and the time of the arrival at Magdalena bay."

THE REAL TEST

Of Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigors may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

SHORT STATE ITEMS

The Manatee Hotel was destroyed by fire Tuesday at a loss of $10,000, with no insurance.

A colored child was burned to a crisp last Wednesday night in Ocala. The mother of the child had left it only for a few minutes, when in some way the house caught fire, cremating the child in its walls.

Mrs. Ann Mayo, who died in Brooksville on the 2nd inst., was buried in her wedding dress, which she had preserved for that purpose since 1851. She also selected and saved the lumber of which her coffin was made. Her former slaves in Hernando county attended the funeral, and wept like children. Judge Anderson Mayo, her husband, died in 1855. They came to Florida from Chester, S. C., and located in Hernando county soon after.—Ocala Banner.

The phosphate miners of the Dunnellon section, who are tributary to the Dunnellon phosphate railroad to Port Inglis, will no longer operate their own individual dry kilns, as the Dunnellon Phosphate Co. will erect at Port Inglis a phosphate dry shed that will cost $35,000, and when completed, the rock tributary to the tracks of this railroad will be shipped to this immense dry shed and thereby make a big saving in the individual preparation of the same for shipment. The idea is a brilliant business proposition and there is money in it for the miners of that section.

On last Thursday evening at Alford's still, Henry Gainer, a young negro who forbade the moving of a chicken coop by Jerry McGriffe, an old negro, struck McGriffe with a hoe, fracturing his skull and causing his death in an hour or two later. McGriffe had moved off the place and left the coop and went back for it. Gainer claimed it by right of possession. The property in question is said to have been worth about five cents. Sheriff Lewis was notified and Deputy J. V. White soon landed the slayer in jail here. He was given a hearing before Judge McKinnon and committed to jail under charge of murder in second degree.—Marianna Times-Courier.

Don't Complain.

If your chest pains and you are unable to sleep because of a cough, buy a bottle of Ballard's Horehound Syrup and you won't have any cough. Get a bottle now and that cough will not last long. A cure for all pulmonary diseases. Mrs. J——, Galveston, Tex., writes: "I can't say enough for Ballard's Horehound Syrup. The relief it has given me is all that is necessary for me to say." Sold by W. M. Johnson.

Murder Charge Not Sustained.

Eastman, Ga., March 14.—The jury Thursday returned a verdict, finding the defendant not guilty, in the case of the state against John Grove Burch, charged with killing Harry Hargrove, in the streets of Eastman, on Dec. 26, 1906. The killing occurred in December, 1906, after Burch had been ejected from a skating rink by Hargrove. The defense claimed justifiable homicide, alleging that Burch shot Hargrove to save his own life. The jury was out about thirty minutes.

Alice Roosevelt's Wedding

Was something to be recorded in the annals of history. Herbine has been acknowledged the greatest of liver regulators. A positive cure for bilious headaches, constipation, chills and fever, and all liver complaints. J. C. Smith, Little Rock, Ark., writes: "Herbine is the greatest liver medicine known. Have used it for years. It does the work." Sold by W. M. Johnson.

Torpedo Boat Sunk.

Cunhaven, Germany, March 14.—The German torpedo boat S-12 was run into and sunk by an unknown steamer at the mouth of Elbe river Friday. The chief engineer of the torpedo boat was drowned but the remainder of the crew were rescued.

A WOMAN'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these tortures. She feels it her duty to send it to all sufferers FREE. You can use it at home at one-fourth cost, with benefit—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood, and brightens the eyes, giving elasticity and tone to the whole system. Write Mrs. Marie Summers, Box R, South Bend, Ind.

COMFORTING WORDS

Many a Florida Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Florida readers.

A. Oerting, seaman, of 419 L. street, Pensacola, Fla., tells how to do it. He says: "From my experience with Doan's Kidney Pills I can strongly recommend them to anyone in need of a good medicine for the kidneys. Kidney complaint and backache caused me suffering at intervals for years. The first or second attack I did not mind, but as time went by they grew worse and at times laid me up. I could hardly walk and it was a difficult matter to straighten up after stooping, while the kidney secretions were irregular and unnatural. Doan's Kidney Pills cured me. From personal experience I know that this remedy can be depended upon to fulfill the representations made for it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

GREAT VAN AMBURG SHOWS.

Waterproof Tents—Rain Will Not Spoil the Exhibit.

A sudden dounpour of rain or a long-continued drizzle will have no effect on the patrons of the Great Van Amburg Show when it exhibits here. The reason of this will be apparent to everyone who sees the huge tents that will be erected here for the performance. They are all constructed of "mercerized" ducking. This marvelous invention for the waterproofing of material has been in use for rain coats, but up to this year has never been used for tents. People who have used "mercerized" cloth know how it sheds water, and it was the knowledge of this that caused the Van Amburg Shows to have all their tents made out of this material. It is quite a stride in advance of other shows, but it is only in keeping with the progressiveness of the management of these shows. Beneath these tents spectators can sit in comfort and ease during the heaviest of rains and be as dry as if in the finest theater in the country. This is only one of the many novelties that have been added to these shows this season.

It is respectfully suggested that the children attend the afternoon exhibition, when ample time is given to view the large menagerie, likewise avoiding the night crowds. Uniformed ushers will attend every want of the little folks, and the care and attention paid to ladies and children is the first consideration of the management.

The only big circus that will visit here this year is the Great Van Amburg Shows, and the date is Thursday, March 19th.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

Telephone System for Leesburg.

Leesburg, Ga., March 14.—The citizens are preparing to erect a complete telephone system for the use of the town, and promise to have it in operation inside of sixty days.

Orino Laxative Fruit Syrup is a new remedy, an improvement on the laxative of former years, as it does not gripe or nauseate and is pleasant to take. It is guaranteed. J. W. McCollum & Co.

THE DUTTON BANK.

Rough Work Finished, and Building Will be Turned Over to Furnishers.

The rough work in the interior of The Dutton Bank having been completed, the building will be turned over on Monday to the furnishers, a Chicago firm, who will begin at once the matter of installing furniture and placing the bank in a position that it may be occupied shortly. The furniture will be among the handsomest in the State, being of magohany finish, modern, convenient, and up-to-date in every way.

The interior of this bank will be most conveniently arranged, as far as the various officers are concerned. President Thomas will have his office in the front of the building, which will be convenient to patrons, and will also have a private office in the rear. Offices will also be provided for other officials, and in all the bank will be one of which any city should feel proud.

No Case on Record.

There is no case on record of a cough or cold resulting in pneumonia or consumption after Foley's Honey and Tar has been taken, as it will stop your cough and break up your cold quickly. Refuse any but the genuine Foley's Honey and Tar in a yellow package. Contains no opiates and is safe and sure. J. W. McCollum & Co.

TO THE PUBLIC

The Diamond Ice Company wants to talk to you about ICE:

First—The consumers are interested, because they want pure, wholesome ICE for home use.

Second—Retail ICE dealers are interested, because they want full-weight, solid, hard, slow-melting ICE they can cut up and sell in small pieces at a good profit.

Third—Fishermen are interested, because they want ICE frozen down around zero—so cold that it almost freezes the fish and keeps them in good condition a long time.

To all you people we want to say that we are going to give you the best service, and having the best water in Florida, the very best ICE this year you ever had. If you find some other ice company trying to get your orders by offering you ice at 5 cents a hundred less than we charge you, or by some other doubtful proposition, just remember that the Diamond Ice Company gives you good ice and quick service, and you are always pleased. So why not trade with us? We always have treated you right. We always will treat you with every consideration. We always will give you the best ICE and the best attention you can get. So stand with us and stay with us. It will help you to keep comfortable and happy during the "good old summer time."

Sincerely yours,
THE DIAMOND ICE CO.,

PHOTOGRAPHY.

Photography today is an economic and social necessity in every community. It maintains the memory and affections of family life through the picture it makes, and which we could not now do without. How often is regret expressed that no picture exists of some friend or relative who is no longer with us! Sometimes, indeed, the camera has to intrude upon the sacredness of the death chamber itself when relatives feel that a photograph in such circumstances is better than none at all. Do not procrastinate. Be wise and "secure the shadow ere the substance fades."

You can get a picture from locket to life-size at Smith's Studio.

S. L. and Walter S. Turner of Micanopy were in the city Friday. The former purchased a fine mare from J. E. Ivers, of which he is naturally very proud.

Miss Pauline Curl of Archer was in the city yesterday, having come to consult a dentist. Miss Curl is a popular young lady, and her friends here are always glad to welcome her.

Conductors Chas. A. Marks, C. R. Marney and William Harrod, all of the Seaboard Air Line with headquarters at Waldo, formed a trio of visitors to Gainesville yesterday.

T. K. Godbey of Waldo, one of the leading citizens of the East End, was in the city on business yesterday. Mr. Godbey has gained a reputation throughout the United States as authority on sweet potatoes and their culture, and makes a fine thing from raising and shipping the "slips."

Chas. S. Willard of Live Oak was in the city yesterday. Mr. Willard for several years owned and managed the Ethel Hotel, which was the leading hostelry of that city in his day. He is thinking seriously of coming to Gainesville to live, and would be gladly welcomed here with his family.

Mrs. W. B. Higdon and little daughter, Miss Nettie, have returned from Kissimmee, where they have been on a pleasant visit to Mrs. Higdon's parents, Mr. and Mrs. Bandy. They were accompanied on their return by Miss Nettie Leeper, who will be here for a few days as a guest of Mr. and Mrs. Higdon.

We have received the spring and summer woolens from the High-Art Clothiers of Baltimore, and samples will be on display at our store on Friday, Saturday and Monday. A fit guaranteed, and high-art clothes on this occasion will be offered you at very low prices. Get the Habit. L. J. Burkhim.

Silver Aluminum Jelly Moulds Free

Individually Molded desserts are now considered the proper thing. The moulds are hard to get outside the large cities, but users of JELL-O, The Dainty Dessert, can get them absolutely free. Circular in each package explaining and illustrating the different patterns. JELL-O is sold by all good grocers at 10c. per package. Do not accept a substitute or you will be disappointed.

ANOTHER WEEK EXTRAORINARY SHOWING

OF NEW AND UP-TO-DATE

Embroideries, Laces and White Goods

Owing to the fact of another shipment which we received last of week we will continue this showing all week of March 16th. **New White Goods, New Laces, New Embroideries,** will be added to last week's lots. We wish to extend the invitation to ALL to come this week, look the new creations over—you will be in nowise under any obligation to purchase. We will be only too glad to have you come, take your own time, look them over—memorize our prices and qualities as far as you can.

It Is a Common Slander, Purposely, Widely and Industriously Circulated By Some Competitors, That THEIR Goods Are BETTER Than Ours

This misrepresentation is all farce, as any reasonable person knows. THE FIXED POLICY AT THE WILSON STORE SHALL EVER BE to collect ONLY TRUSTWORTHY GOODS and sell them at Lowest Prices. Faithful adherence to this method shall ever prove the strong plank in our platform. No matter what the rattle and talk, or the joggly statements and claims of competitors, you may come to the WILSON STORE in all confidence that the prices as low—OFTEN TIMES LOWER—and the qualities and assortments AS GOOD as elsewhere. Advertising phrases, "smooth" and "sleek," "honeyed" and "hollow," costing little and WORTH LESS, are common enough, but when you judge the merchandise, MERIT alone should fix values.

We have additional help with us now, and will add more from time to time as needed, and pledge you faithful and appreciative service. Come and make our store headquarters—glad to have you examine our stock at all times, whether you wish to purchase that day or not.

We Call Special Attention This Week to These Three Lots Embroideries, With Inserting to Match:

LOT ONE	LOT TWO	LOT THREE
Edging and Inserting at **5c,** worth as high as 10c	Edging and Inserting at **10c,** worth as high as 20c	Edging and Inserting at **19c,** worth as high as 35c

We believe these are the Biggest Values ever offered in Gainesville. Ask your neighbor about it—she saw and bought last week. You will certainly do yourself an injustice if you miss this chance. Favor us and benefit yourself by spending an hour with us one day this week. OUR BEST GUARANTEE—For any item bought of us, and after a week, or a month, you furnish us with sufficient proof that same item was bought at same time elsewhere, at a less figure, we will GLADLY refund you the difference, and thank you for the information.
